RAKI / OUZO / ARAK

Raki* [Rah-Key] - An exquisite elixir made of twice-distilled grapes and Aniseed

Note: black licorice after-taste

National drink of Turkey and Greece!

Other stage names for Raki.....

Ouzo (Greek) | Arak (Arabic)

How do you drink it?!

Raki is the most complimentary to Agora's mezze dining experience. It is traditionally served in a slender glass with chilled water and topped with ice.

You can also drink it straight, if you're up for it!

Why does it turn white?!

The dilution of the water and anise oils gives the Raki a milky white color that results in being referenced as the Lion's Milk of Turkey. Some Ouzo's turn a pale blue/white color as well.

Cheers! Şerefe! Gias Mas! Keskun!
